the classic – professional stool

perfect for dental and doctor's offices

The Classic-Professional stools adjust perfectly for dental and doctor's offices. All the stools are user-friendly and attractive, with 99 fabric colors to choose from.

vinyl: oak

CL10

Pneumatic lift adjusts height to the task at hand. 16.25" seat with five-star base provides effortless 360-degree movement.

vinyl: oak

CL11

Adjustable chrome footring (with optional 7" cylinder) is the ergonomic centerpiece that allows your feet and whole body to rest in incredible comfort.

vinyl: jade

CL12

14.25" seat with pneumatic lift raises to individualized comfort level. Unique circle ring enables users to adjust the seat height from any angle.

vinyl: jade

CL13

Features include height-adjusting circle ring, 14.25" seat with pneumatic lift, adjustable footring and optional 7" cylinder.

vinyl: red

CL14

The CL14's foot activation mechanism provides physicians with hands-free operability during surgery or office visits.

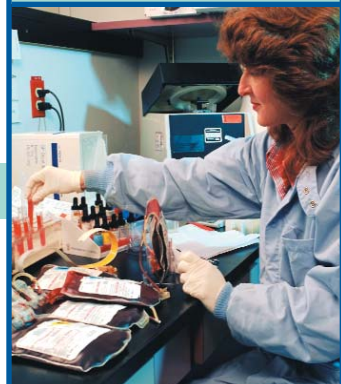

vinyl: red

CL15

The unique back design serves as back support, body side support or even abdomen support. Foot activation mechanism allows for hands-free operability.

ideal for medical laboratories

Combining ergonomic comfort with a high level of functionality, the Classic-Professional stools are ideal for medical laboratories.

available casters

Soft casters.* Black. Usable on wood, tile, linoleum and smooth surfaces. Reduces surface marking.

Glides. Black. Fits any chair or stool. 2" high.

Single wheel rubber casters. For hard concrete surfaces or "rough" floors.

Self-braking safety casters. Black. Restricted rolling when user is not seated. Recommended for carpeted floors only.

Reverse-braking casters lock when user is seated. Usable on wood, tile and concrete surfaces.

*This one is standard on all models except CL15.
