Stackable Guest Chair

SG2K

High performance meets high design in the SG2K. This cross-functional chair features a neo-classic arm design, comfortably topped by softly cushioned arm pads with etched detailing to match the perforated back. Generous proportions and thick seat-padding make for all day comfort. Unique to the SG2K is the semi-mobile caster/glide combination which puts the SG2K effortlessly in motion when desired.

Contemporary

The Stackable Seating Collection affords you myriad features and great value, all in one line of stylishly comfortable chairs. Conference, multi-purpose, training or convention use. You name it. Office Master has the right chair that will bring style, versatility, stackability, and durability to any situation!

ST200

High density stacking chair (standard with polypropylene seat).

ST200C

Contemporary aesthetics, durable engineering and value pricing come together in these chairs. The ST200C has practical features that include a perforated back, a comfortably upholstered seat, and a powder-coated sled base with non-marking glides that also make ganging several chairs neatly together a breeze.

Ganging
ST200 & ST200C foot glides can also function as ganging devices.

STDLY2 (for ST200 & ST200C)
It comes with two lockable wheels which may restrict movement of the stack or make it easy to roll away for storage.

Best Chair Solutions

Elegant

The SG3 Series brings distinctive elegance to any setting with a rich combination of titanium and graphite colored elements. The tapered legs offer strength, stability and wall-saving clearance. A unique "seat-saver" design allows scratch and dent free stacking. The SG3 Series: A great choice to meet your seating needs!

SG3W

The SG3W features added cushioning on the back and especially on its plush seat. Covered from side to side with the fabric of your choice, the SG3W stands out with its consistent, end-to-end look.

SG3B

Ergonomically contoured with cushioned seat and back comfort. The unique arm design enhances the already generous seating area.

SG3C

Armless version of SG3B

SG300

Armless version of SG3A

SG3A

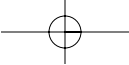

The SG3A offers a designer arm set and an ergonomically contoured molded plastic seat for comfort and durability. The outboard arm design provides more seat room to the user.

Stacking

Chairs take minimum space stacked in a corner and nothing extra is needed. Dolly (STDLY3) is available for high density stacking.

SG300	SG3A	SG3B	SG3C	SG3W
5	5	4	4	3
12	12	9	9	6

ST100

Fabric: Twilight

ST111
Fabric: Marble

STDLY Dolly
Stacking dolly for ST100, ST128, ST104 or ST111 facilitates transportation and storage.

Economical

Your guests and visitors will appreciate the comfort and handsome styling of this stacking chair, while you value its affordability, stacking and space-saving convenience. It is perfect not only for offices, but for larger venues such as convention centers and hotels where extra seating is often required. They come with chrome frame and sled base for added stability and with four attractive colors to choose from. These complete the Office Master line as the perfect sidekick to any of our chairs.
