

Standard Platform

Adjustable Keyboards - Preconfigured Systems

Mouse trap keeps mouse on platform and can be easily moved to either side

Pinnacle 2 Arm provides -15° to +10° tilt

Includes tilt indicator gauge for accurate tilt adjustment

Ergonomically designed knob provides easy tilt adjustment

Articulating Keyboard With In-line Mouse Surface

This system features our most popular platform for straightaways combined with the Pinnacle 2™ Value arm. In-line mouse surface provides ability to quickly reverse position of keyboard and pointing device.

Adjustability

Equipped with a Pinnacle 2 Value adjustable keyboard arm with:

- No-knob, no-lever height adjustment
- Dual adjustable lift-assist springs provide optimal balance and smooth movement

Durability

The Standard System meets or exceeds the ANSI/BIFMA standards for performance, durability, and cycle testing, and is backed by Workrite's Limited Lifetime Warranty.

Standard Platform Adjustable Keyboards - Preconfigured Systems
