

SIMPLE & EFFICIENT SOLUTION FOR STRAIGHTAWAY WORKCENTERS

The Standard keyboard platform features a simple in-line mouse design that is intended for use in straightaway workcenter applications. The in-line design makes it possible to easily reverse the keyboard and mouse configuration to accommodate left or right handed users.

The Standard platform is available as a solo platform or as part of a complete system that includes our Pinnacle 2 Value keyboard arm with smooth operating nylon glides and 17" or 22" tracks. The platform is constructed from durable .625" melamine and features a built-in document holder and cable manager.

The Standard comes with a Lifetime Warranty and will provide years of reliable, maintenance-free performance.
