

# CONFERENCE TABLES

**POWER**  
Optional power and data domes can be added to these conference tables.

**CHOICES**  
1" thick particle board comes with your choice of Grey Nebula (-NB) or Wild Cherry (-CY) laminate.

**ORGANIZATION**  
Two grommet holes are used to organize cords or to house Power Dome option. Legs channel cords from worksurface to floor.

**STRENGTH**  
Base constructed of steel and finished in black powder paint to withstand years of use. Meets ANSI-BIFMA Standards.

**LEVELING**  
Adjustable, floor-saving glides adjust from the top and keep the table steady and level.

## TABLE TOP FINISH OPTIONS

Grey Nebula (-NB)

Wild Cherry (-CY)

## GENERAL SPECIFICATIONS

Bretford's Conference Tables are available in Race Track or Rectangle shape for up to 10 people. Each top is 1" thick particle board with a vinyl T-molded edge and has a built in stiffener for added strength. Select from two standard laminates, Wild Cherry (-CY) or Grey Nebula (-NB). Also available in premium color and finish options for an upcharge. Bases are constructed of 12- and 14-gauge steel and finished in black powder paint. Legs have a built in 2" x 2" interior wireway so that cords can travel vertically. Oval cut-outs are located on each leg so that cords have access to the floor. Inside each foot channel there are two glides that are adjustable from the top for leveling the table on uneven floors. Table tops come with two grommet holes which can be equipped with a Power Dome that provides four electrical outlets, or two electrical outlets and two RJ-45 data jacks, above the work surface.

RAE3696-NB

### Rectangle Conference Tables

Conference Tables feature a rectangle shape and attractive Wild Cherry (-CY) or Grey Nebula (-NB) laminate table top with a vinyl T-molded edge and have a built in stiffener to keep the top from bowing. Oval cut-outs are located on each leg so that cords have access to the floor. Simply drop the cords through the grommet hole, then into the top cut-out in the leg. Cords easily drop through the leg and out a cut-out near the bottom of the leg. Inside each foot channel there are two glides that are adjustable from the top for leveling the table on uneven floors. Table tops come with two grommet holes which can be equipped with an optional Power Dome. Tables are available in several different sizes.

### Race Track Conference Tables

Conference Tables are race track shaped and available in several different sizes and can seat up to ten people depending on the model. Tables feature an attractive Wild Cherry (-CY) or Grey Nebula (-NB) laminate table top with a vinyl T-molded edge and have a built in stiffener to keep the top from bowing. Oval cut-outs are located on each leg so that cords have access to the floor. Simply drop the cords through the grommet hole, then into the top cut-out in the leg. Cords easily drop through the leg and out a cut-out near the bottom of the leg. Inside each foot channel there are two glides that are adjustable from the top for leveling the table on uneven floors. Table tops come with two grommet holes which can be equipped with a Power Dome.
